BOOTH EQUIPMENT

Each linear booth (6' x 8', 10' x 10', 10' x 20', etc.) will be set with 8' high black back drape and 3' high black side drape. Booths 300 sqft or less will receive a 7" x 44" identification sign. Booths larger than 300 sqft may receive a 7" x 44" identification sign upon request. Peninsula booths will be set with 8' high black back drape.

NYCC follows the **cubic content rule**, which allows exhibitors to make maximum use of their booth space. Under the cubic content rule, exhibitors may build up to the front of their booths, and up to the maximum allowable height according to booth type as indicated below. **However, anything above the provided drape heights must be finished, neutral and devoid of copy on any wall adjacent to another exhibitor.** The maximum height limits will be strictly enforced. No height variance will be granted prior to or on-site at the show. Please plan your booth display and sign structures accordingly. **Maximum allowable height is also directly affected by the ceiling height of your booth area.**

Hanging signs as well must comply with the **HEIGHT LIMITATIONS** guidelines listed below. This includes all hanging or suspended material such as banners and balloons (where permitted), etc. The top of the sign (or other material) may not exceed the height limitation specific to your type of booth. Booths which qualify to suspend "hanging signs" are only Island, Peninsula or Walk-Through booths of 400 sqft or larger. **Hanging signs are not permitted in linear booths. It is much more cost effective to floor mount signage with a linear booth height limit of 12 ft.**

The maximum height of a display booth at the back wall, including any form of lighting system signage, or header shall be:

LINEAR BOOTH MAXIMUM HEIGHT LIMIT = 12 FEET

Bounded by 1 or 2 aisles. Hanging signs are not permitted in linear booths. It is much more cost effective to floor mount signage with a linear booth height of 12 feet. Note: side-drape provided is 3 feet high and the back-drape provided is 8 feet high.

PENINSULA BOOTH MAXIMUM HEIGHT LIMIT = 20 FEET

Bounded by 3 aisles. Exhibit booths must also be at least 20 ft deep and 20 ft wide to meet **Show Management's** requirements for hanging signs. Hanging signs in peninsula booths may reach a height limit of 20 ft to top of sign. Two-sided signs must be hung 5 ft from the back wall and the side facing rear of the booth must be clear of copy, logos or other graphics so as not to be an eyesore to neighboring exhibitors. Note: the back-drape is 8 feet high.

ISLAND BOOTH MAXIMUM HEIGHT LIMIT = 25 FEET

Island Booth - Bounded by 4 aisles. Booths must also be 20 ft deep and 20 ft wide to meet **Show Management's** requirements for hanging signs. Hanging signs in island booths may reach a high limit of 25 ft to top of the sign.

PUBLIC SPACE BOOTH MAXIMUM HEIGHT LIMIT = 17 FEET

Booths In Public Space - Located in the **Crystal Palace, Inner Roadway, North Concourse and South Concourse** of the **Javits Center**

EXHIBIT HALL CARPET

The exhibit area is not carpeted, however the aisles will be carpeted in black.

SAFETY TIPS

Use a ladder, not a chair. Standing on chairs, tables and other rental furniture is unsafe and can cause injury to you or to others. These objects are not designed to support your standing weight.

Be aware of your surroundings. You are in an active work area with changing conditions during move-in and move-out. Pay attention. Look for obstacles, and machinery and equipment that are in use.

Keep your eyes open for scooters and forklifts. The drivers of these vehicles may not be able to see you.

Stay clear of dock areas, trucks and trailers. These areas can be particularly dangerous.

Prevent electrical shocks, falling items and damage to materials. Do not attach items or equipment to the drapes or metal framework provided for your booth. This can cause serious injury or damage to materials.

We discourage children from being in the exhibit hall during installation and dismantle. If children are present during installation and dismantle, they must be supervised by an adult at all times.

Freeman does not ship or handle Hazardous Materials. If any materials you are shipping to the event fall into this category, please contact Freeman to be sure that the material will be allowed at the facility and by the association. In addition, if authorized by the facility and the association, you will need to make separate arrangements for the transport and handling of the approved materials, since Freeman will not transport or handle them.

The operation or use of all motorized lifts and motorized material handling equipment for installation/dismantle of exhibits is NOT permitted by exhibitors or by their exhibitor appointed contractors (EACs). Thank you for your cooperation

Interested in going green and saving money?

Follow these tips to make sure your sustainable booth strategies are cost-neutral or even cost-saving! Leave an impact on the show floor, not the environment.

1 *booth structure*

Option 1 Multiple Use

Use **Forest Sustainable Certified (FSC)** wood to build your booth and crates.

Get creative! Design your booth with a **small shipping footprint** to minimize carbon emissions. Freeman's eye-catching stretch-fabric booth designs pack up small (and light!) for shipping.

Option 2 One-time Use

Rent locally from nearby Freeman offices to reduce both shipping costs and carbon emissions.

2 *carpet*

Option 1 Rent

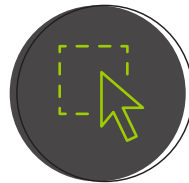

Rent rather than buy carpet to save on shipping, cleaning, and storage. Freeman Classic carpet can be reused at least four times.

Option 2 Color

Use darker-colored carpet, which is easier to reuse and recycle. Freeman Classic dark-colored carpets are made of 20-50 percent recycled content.

3 *shipping*

Online + before deadline = better bottom line. Take advantage of early-bird pricing and consolidate shipping when ordering supplies.

Choose reusable shipping padding. Avoid packing peanuts and foam plastic materials that never decompose.

Ship early. Use the 30-day policy to ship materials to the Freeman advance warehouse.

4 *graphics*

Option 1 Multiple Use

Print on a durable substrate **without dates, event names, or locations.**

Option 2 One-time Use

Print on 100 percent recyclable materials like Freeman Honeycomb and Smartbuild Eco, which are just as cost-effective as PVC.

5 *printing*

Reduce printing and **go digital** with your booth literature.

Print locally. Supporting local businesses while reducing shipping? It's a win-win.

Print on at least **50 percent post-consumer recycled paper.**

6

ON SITE

save energy

Use Energy Star-rated equipment for audio-visual equipment and monitors.

Power down. Turn off equipment at the end of each day.

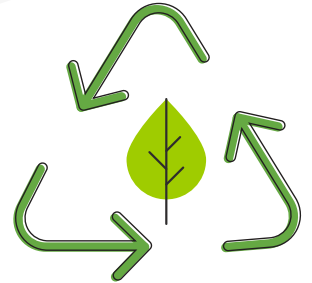

Light up your booth with CFLs, LEDs, or other energy-efficient lighting.

MOVE OUT

train your team

Educate your installation and dismantling teams about **recycling and donation processes**.

8

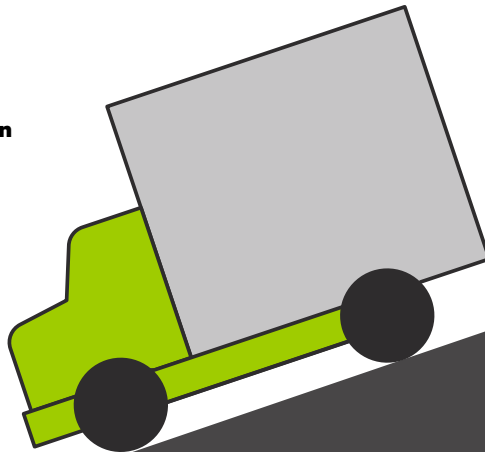

shipping out

Pack in, pack out.

Leave no traces on show site.

Join a caravan.

If you're shipping directly to another show, ask **Freeman Transportation** about **joining a caravan** to your next show.

leftover materials

Remember to label.

Clearly **label recyclable leftover material** for disposal.

Donate the rest.

Ask the Freeman Exhibitors Services desk about local donation programs.

WHAT ARE FREIGHT SERVICES?

.....

As the official service contractor, Freeman is the exclusive provider of freight services. Material handling includes unloading your exhibit material, storing up to 30 days in advance at the warehouse address, delivering to the booth, the handling of empty containers to and from storage, and removing of material from the booth for reloading onto outbound carriers. It should not be confused with the cost to transport your exhibit material to and from the convention or event. You have two options for shipping your advance freight — either to the warehouse or directly to show site.

HOW DO I SHIP TO THE WAREHOUSE?

- We will accept freight beginning 30 days prior to show move-in.
- To check on your freight arrival, call Exhibitor Services at the location listed on the Quick Facts.
- To ensure timely arrival of your materials at show site, freight should arrive by the deadline date listed on the Quick Facts. Your freight will still be received after the deadline date, but additional charges will be incurred.
- The warehouse will receive shipments Monday through Friday, except holidays. Refer to the Quick Facts for warehouse hours. No appointment is necessary.
- The warehouse will accept crates, cartons, skids, trunks/cases and carpets/pads. Loose or pad-wrapped material must be sent directly to show site.
- All shipments must have a bill of lading or delivery slip indicating the number of pieces, type of merchandise and weight.
- Shipments received without receipts or freight bills, such as Federal Express and UPS, will be delivered to the booth without guarantee of piece count or condition.
- Certified weight tickets must accompany all shipments.
- Warehouse freight will be delivered to the booth prior to exhibitor set up.

HOW DO I SHIP TO SHOW SITE?

- Freight will be accepted only during exhibitor move-in. Please refer to the Quick Facts for the specific exhibitor move-in dates and times.
- All shipments must have a bill of lading or delivery slip indicating the number of pieces, type of merchandise and weight.
- Shipments received without receipts or freight bills, such as Federal Express and UPS, will be delivered to the booth without guarantee of piece count or condition.
- Certified weight tickets must accompany all shipments.

WHAT ABOUT PREPAID OR COLLECT SHIPPING CHARGES?

- Collect shipments will be returned to the delivery carrier.
- To ensure that your freight does not arrive collect, mark your bill of lading “prepaid.”
- “Prepaid” designates that the transportation charges will be paid by the exhibitor or a third party.

HOW SHOULD I LABEL MY FREIGHT?

- The label should contain the exhibiting company name, the booth number and the name of the event.
- The specific shipping address for either the warehouse or show site is located on the Quick Facts.

HOW DO I ESTIMATE MY MATERIAL HANDLING CHARGES?

- Charges will be based on the weight of your shipment. Each shipment received is billed individually. All shipments are subject to reweigh.
- On the Material Handling Form, locate the rate that applies to your shipment and multiply that rate by the weight of your shipment in pounds.
- The above services, whether used completely or in part, are offered as a package and the charges will be based on the total inbound weight of the shipment.

WHAT HAPPENS TO MY EMPTY CONTAINERS DURING THE SHOW?

- Pick up “Empty Labels” at the Freeman Service Center. Once the container is completely empty, place a label on each container individually. Labeled empty containers will be picked up periodically and stored in non-accessible storage during the event.
- At the close of the show, the empty containers will be returned to the booth in random order. Depending on the size of the show, this process may take several hours.

HOW DO I PROTECT MY MATERIALS AFTER THEY ARE DELIVERED TO THE SHOW OR BEFORE THEY ARE PICKED UP AFTER THE SHOW?

- Consistent with trade show industry practices, there may be a lapse of time between the delivery of your shipment(s) to your booth and your arrival. The same is true for the outbound phase of the show — the time between your departure and the actual pick-up of your materials. During these times, your materials will be left unattended. We recommend that you arrange for a representative to stay with your materials or that you hire security services to safeguard your materials.

HOW DO I SHIP MY MATERIALS AFTER THE CLOSE OF THE SHOW?

- Each shipment must have a completed Material Handling Agreement in order to ship materials from the show. All pieces must be labeled individually.
- To save time, complete and submit the Outbound Shipping Form in advance, or you may contact the Freeman Service Center at show site for your shipping documents.
- Once we receive your outbound shipping information we will create your Material Handling Agreement and shipping labels. If the shipping information is provided in advance, the Material Handling Agreement will be delivered to your booth with your invoice. Otherwise the Material Handling Agreement and labels will be available for pick up at the Freeman Service Center.
- After materials are packed, labeled and ready to be shipped, the completed Material Handling Agreement must be turned in at the Freeman Service Center.
- Call your designated carrier with pick-up information. Please refer to the Quick Facts for specific dates, times, and address for pick up. In the event your selected carrier fails to show by the final move-out day, your shipment will be rerouted on Freeman's carrier choice at the exhibitor's expense.
- For your convenience, approved show carriers will be on site to book outbound transportation if you have not made arrangements in advance.

WHERE DO I GET A FORKLIFT?

- Forklift orders to install or dismantle your booth after materials are delivered may be ordered in advance or at show site. We recommend that you order in advance to avoid additional charges at show site. Refer to the Rigging Order Form for available equipment.
- Advance and show site orders for equipment and labor will be dispatched once a company representative signs the labor order at the Freeman Service Center.
- Start time is guaranteed only when equipment is requested for the start of the working day.

DO I NEED INSURANCE?

- Be sure your materials are insured from the time they leave your firm until they are returned after the show. It is suggested that exhibitors arrange all-risk coverage. This can be done by riders to your existing policies.
- All materials handled by Freeman are subject to the Terms and Conditions, which can be found in the exhibit service manual or online at www.freeman.com.

CUSTOMER GUIDELINES FOR SUBMITTING GRAPHICS ARTWORK

Our goal is to provide you with the best possible quality graphics for your event or exhibit. You can help us in that effort by providing digital art files using the following guidelines. If you are sending us completed, print-ready files, please pass the following information on to your graphics designer or art department. Artwork must be submitted in the proper resolution and/or file size to produce quality images. Please provide proper color matching information and proofs to ensure accurate color reproduction.

PLEASE PROVIDE THE FOLLOWING WHEN SUBMITTING ART

RASTER ART (photos, logos containing any continuous tone images):

- Art submitted at 1:1 (100%), resolution should be no less than 60 dpi (100 dpi preferred)
- Art submitted at 2:1 (50%), resolution should be no less than 120 dpi (200 dpi preferred)
- Art submitted at 4:1 (25%), resolution should be no less than 240 dpi (400 dpi preferred)

VECTOR ART:

- Logos should be vector and have outlined fonts (if provided as bitmap, please use high-res images)

FONTS and LINKS

- Supply all fonts used in your design (zip Mac fonts). If unsure how to collect fonts, convert them to outlines
- Supply all links used in your document. Use packaging feature if available. If unsure how to collect links, embed them in the file when saving.

COLOR

- If PMS color matching is required, please use original Pantone + Solid Coated swatches in your artwork. Modifying Pantone names will result in printing default color (CMYK)
- CMYK artwork will be produced "As Is". Our color output is balanced and vibrant.
- Convert RGB art to CMYK if possible.
- If you are sending Certified Color Proofs (Gracol, Swop, Fogra), please provide ICC file information used to print your samples. Best option would be to include ICC chart on your prints.

ARTWORK IN THE STRUCTURE

- Please note that any panels going in the metal frame will hide 1/4" of your art all the way around. If you have a continuous wall where individual panels are divided by metal, use 1.25" spacing in between each panel to account for gaps and the natural flow of the graphics.

ACCEPTABLE FILE SOFTWARE

We are capable of working with both PC and MAC based software, and can accept art created with the ADOBE Creative Suite - Illustrator, InDesign, and Photoshop

Always provide the following:

- Native files with fonts and links (zipped)
- High-res PDF-X/4 exports of the files

ACCEPTABLE FILE TYPES and SUPPORT FILES

NATIVE FILES:

- AI CLOUD (CC) file with Packaged supporting links and fonts. You may keep images linked but Packaging feature must be used.
- AI (CS6, CS5, CS4...) file with embedded links and outlined fonts
- EPS file with embedded links and outlined fonts
- INDD file with Packaged supporting links and fonts

PRINT FILES:

- High-res PDF-X/4 (preferred)
- AI with PDF content (choose this option when saving file)
- EPS files with embedded links and outlined fonts

RASTER OR BITMAP ART:

- Photoshop EPS (preferred, use 8-bit preview, Max, Quality JPG compression)
- PSD (make sure font layers are rasterized)
- TIFF, JPG (quality 8 and higher)

Mac users: Use Zip or Stuffit programs when submitting fonts other than OTF (Open Type Fonts)

WAYS TO SEND ARTWORK

- When placing an order online, your order confirmation will include a link to our secure file sharing library so you may upload your graphic files. If your order is faxed in, or if you are working directly with a Freeman team member, a link will be emailed to you when your order is processed.

UNION JURISDICTIONS AT JACOB K. JAVITS CONVENTION CENTER

THERE ARE THREE MAJOR UNIONS THAT HAVE JURISDICTION OVER TRADE SHOWS. THE FOLLOWING SHOULD HELP GUIDE YOU IN CONFORMING TO UNION JURISDICTIONS AND ITS ADHERENCE TO THEM WHEN REQUIRED.

TEAMSTER UNION:

Teamsters handle freight at the exhibit hall. They unload trucks or vehicles and deliver materials to and from booths. They also provide rigging of machinery, moving services and spot machinery in your booth. The normal rigging crew consists of two men and a forklift. Customarily, this service must be ordered in advance at exhibitor's expense.

CARPENTER UNION:

Carpenters handle the erection and dismantling of display and exhibit booths. This also includes all display work. Carpenters uncrate and re-crate machinery or equipment and install and remove all draping and floor covering.

ELECTRICAL UNION:

Electricians handle all electrical work, which includes supply power lines to your booth, connecting equipment to outlets and install signs or headers that are lighted, unless they are permanently a part of the exhibit backwall.

WHAT CAN EXHIBITORS DO WITHOUT UNION PERSONNEL?

Contrary to popular belief, exhibitors are allowed to do some work within the privacy of their own booths. Exhibitors may install and dismantle their own exhibit and lay their own carpet in their own exhibit area as long as the booth size is 250 sq ft or less and the following conditions are met: 1) No tools are used in the assembly or dismantle; 2) Individuals performing the work must be full time employees of the exhibiting company and carry identification to verify this fact. Exhibitors are allowed to unpack and repack their own products (if in cartons, not crates) and are allowed to do technical work on their machines, such as balancing, programming, cleaning of machines, etc. Exhibitors may "hand carry" or use nothing larger than a two wheel baggage cart (rubber or plastic wheels only) to move their items. Exhibitors may move a "pop-up" display (equal or less than 25' in length) capable of being carried by hand by one person. The individuals moving the items must be full time employees of the exhibiting company and must carry identification to verify this fact. We hope the above will help you. If you are in doubt, do not wait until you get to the show to ask questions. Call the Show Manager or Freeman before hand.

GENERAL INFORMATION:

FLAMEPROOFING:

Table coverings as well as all booth equipment must be a non-flammable material. All decorative materials must be fire-resistant and in accord with the standard established by the New York Fire Department. Affidavits attesting to flameproof compliance with New York City Fire Department Regulations must be submitted when requested.

INSURANCE:

Freeman and/or the Association (Exhibit Manager) and/or the Exhibit Convention Site will not be responsible in any way for the safety of any exhibit or materials against fire, water, theft, accident or any cause nor for the loss or damage to goods consigned to its care. However, every effort will be made to protect exhibitor's property. You are advised to consult your insurance broker for proper coverage on any of your display material from the time it leaves your Company's premises until it returns. In most cases a rider can be added to your present policy for a very nominal cost.
